Project concept

EduFind - innovative education search engine platform and social network.

Schools and courses all over the world, offline and online.

For students

Search

Find schools, education programmes, and courses local and abroad.

Compare

Compare the best courses and discover students reviews.

Learn

Education process planning and scheduling.

Project overview

Main things

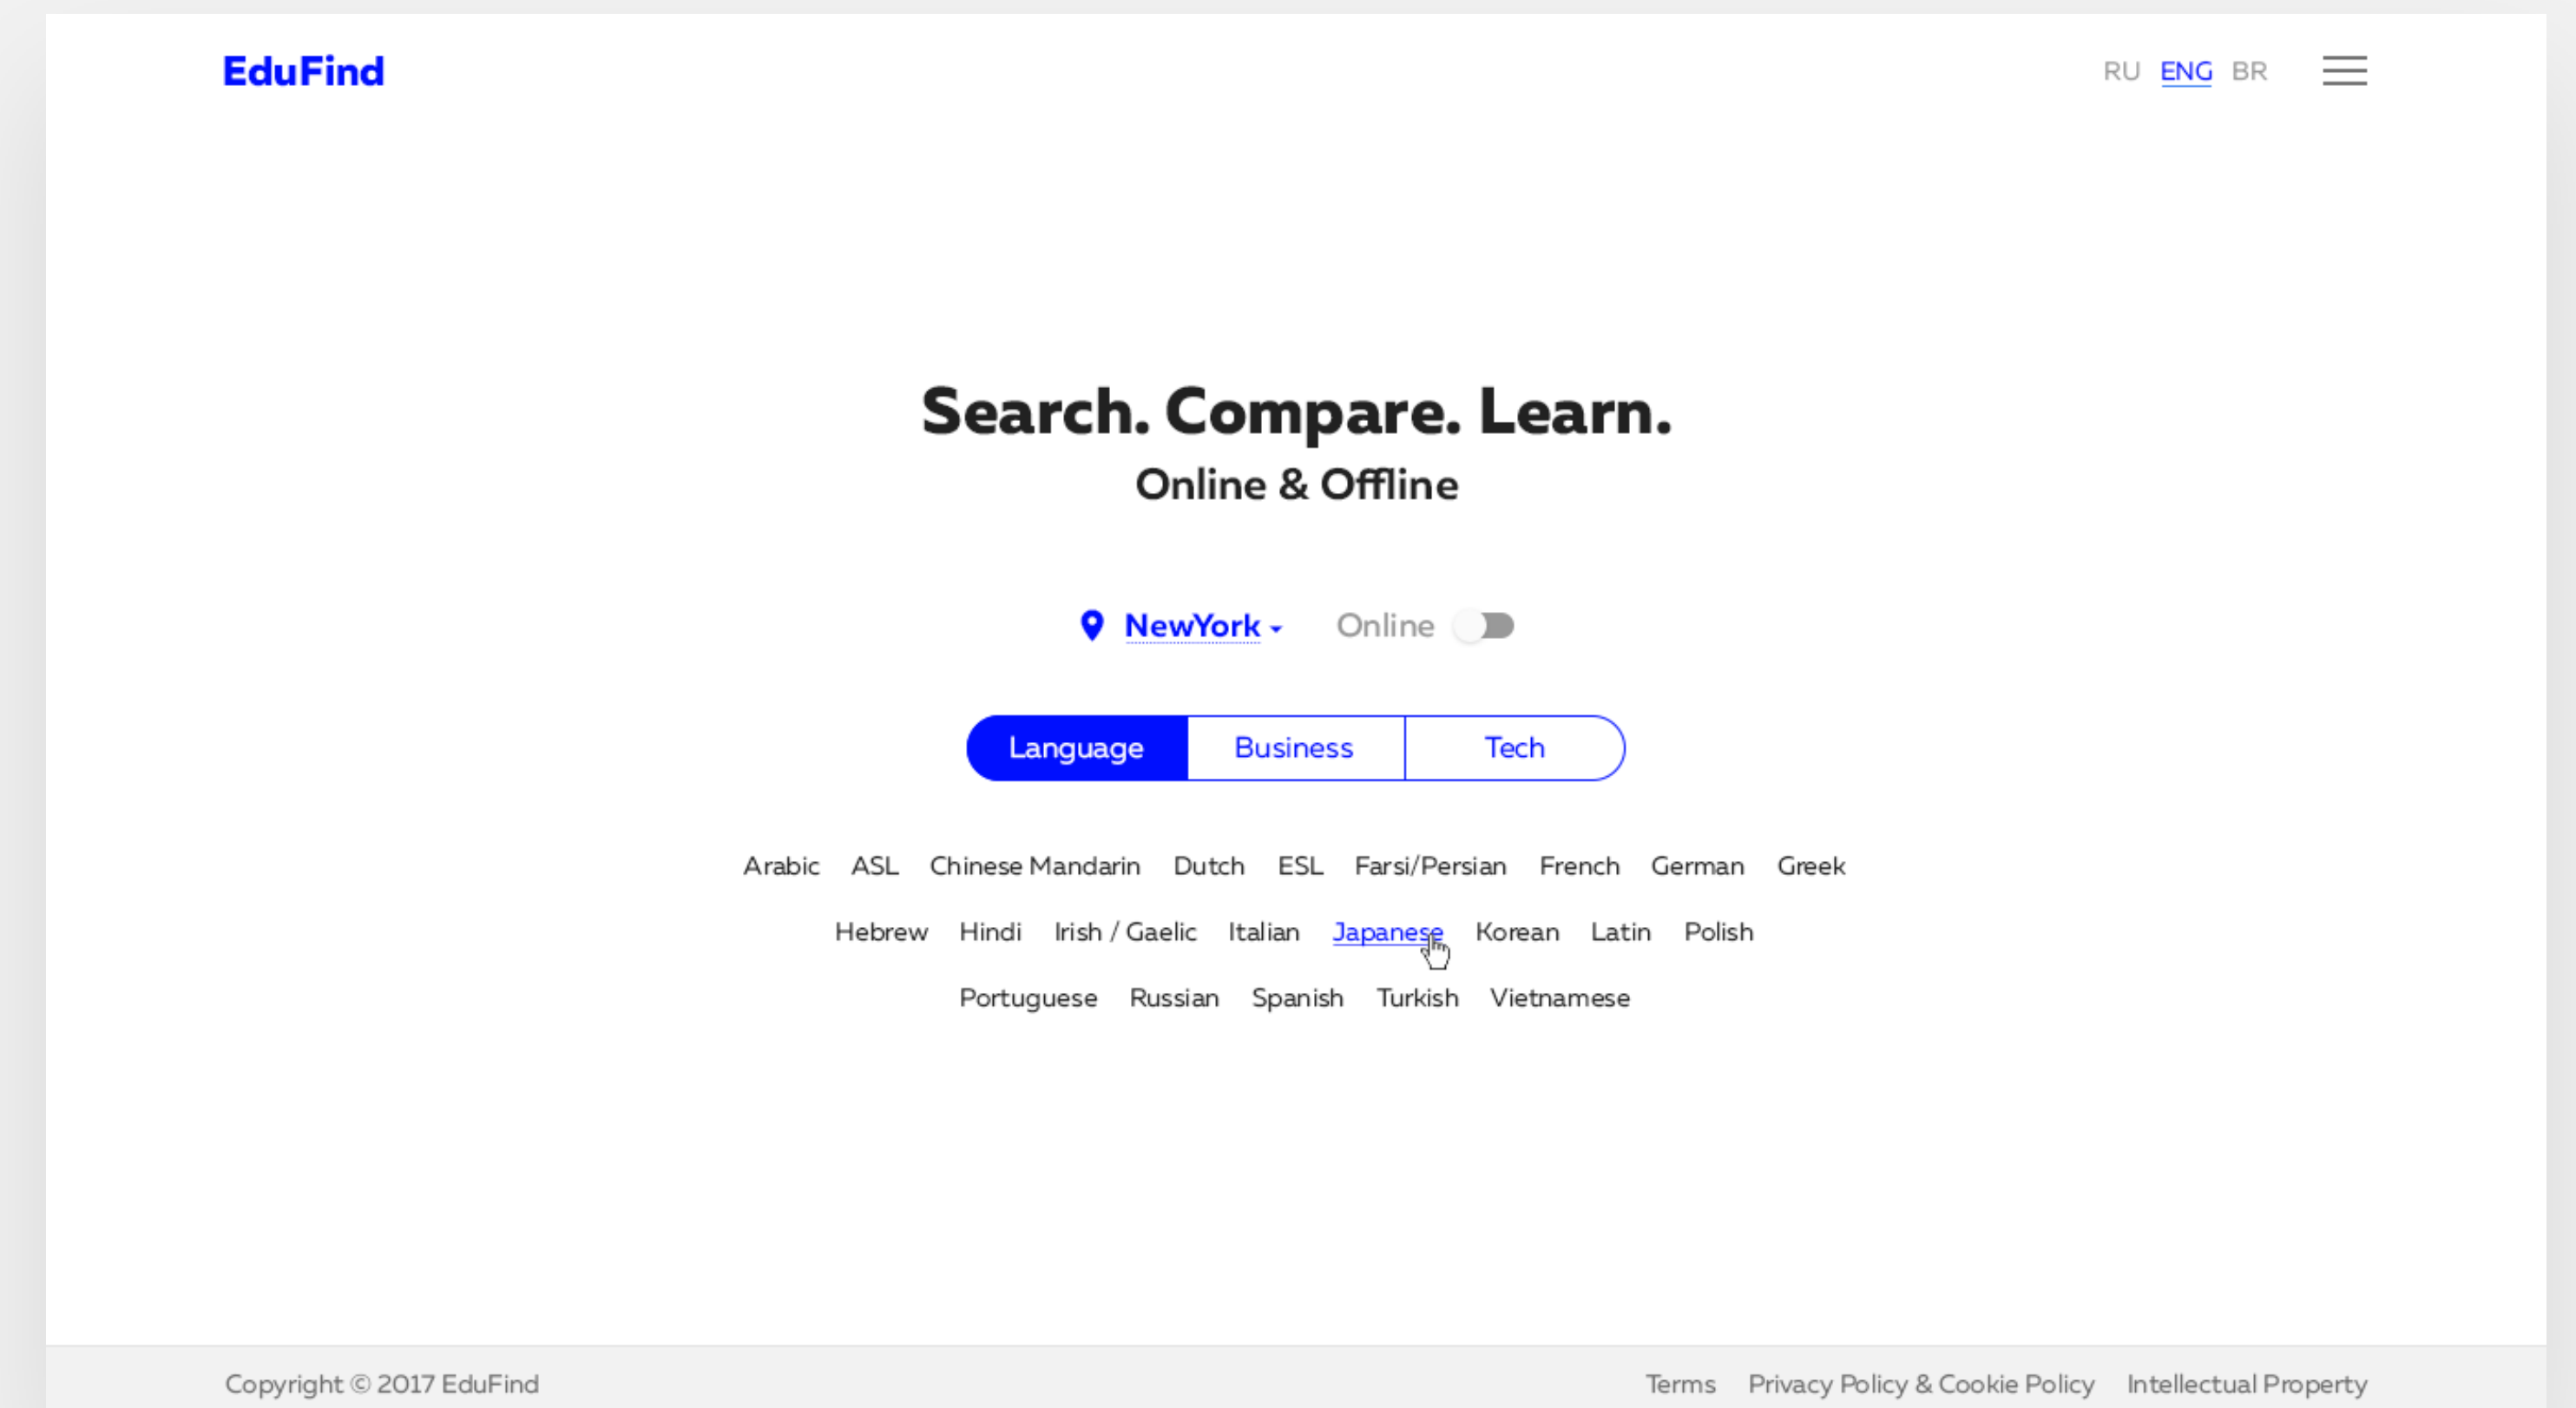

Main concept is a simple userfriendly interface and only main things in one page.

Flexible complex backend and mobile-first frontend platform.

Any devices, any resolutions, any internet connection.

Service offers schools and courses:

- Language
- IT Education
- Business and MBA

Project overview

Geolocation

First model - Local using - "find courses near me".
Second model - Global - international education programs.

Search Location

Project overview

Search

Our focus is searching optimal places for education (schools and online-platforms) based on reviews and a student location and then - selection of appropriate courses based on student level and goals.

Search engine answers three main questions:

- What to learn?
- How to learn?
- Where to learn?

Nothing complex for users, for students.

About the Course

What you'll learn in this basic spanish class:

Our beginner class is best suited for those who are brand new to Spanish, or who have studied in the past but need to brush up their skills.

How does it work?

Our classes are uniquely designed to be both educational and social. We've developed the perfect balance of in-class lessons and group events to create a fun and immersive learning experience.

At City Speakeasy, we believe that conversation is the key to success. Our welcoming teachers will encourage the group to converse in Spanish within the first five minutes of class.

To ensure our students get direct and dedicated instruction from our teachers, we keep our average class size under 10 students.

What's included in Tuition?

8-week, 16-hour group course

One of our signature Immersion Events, where you'll have the opportunity to use your newly acquired Spanish skills in a real-life social situation at a fun, educational, teacher-led event.

A post-class happy hour at a local bar, where you can get to know your classmates, and order a complimentary drink in Spanish.

All of your learning materials are included. On day one, you'll receive your textbook and our proprietary City Speakeasy Spanish Immersion Guide.

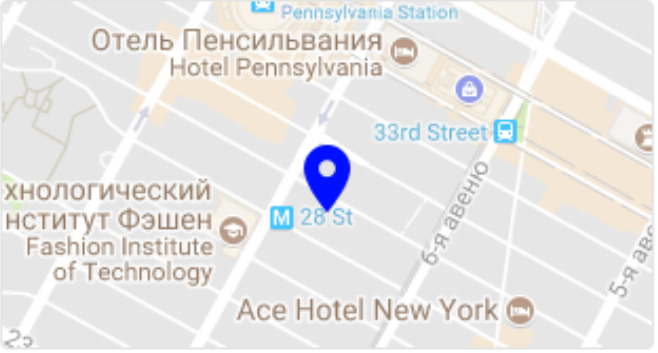

We know New Yorkers are busy, so no worries if you miss a class! We will make sure you don't miss a beat by sending you our absent review packet weekly.

Jesus (Venezuela)

2 days ago

IELI is a nice place to study English because the teachers are awesome, the staff is helpful, and it has nice facilities. This place makes you comfortable, the environment is pretty good and a lot of friendly will be here to be your new friends. After you finish IELI you will be a bilingual person with super English skills.

Dustin (United States)

About 2 weeks ago

I didn't study here, but I have been a teacher here in the past. I also taught along side other programs, and this program at North Texas is among the best. The teachers all have masters degrees, and I saw students in this program raise their TOEFL score by 50 points in one semester, which is a HUGE increase!
